

Sara RYDELL

IT Product Architect at Ericsson

 sarafuyu |  LinkedIn |  www.sararydell.com |  Stockholm, Sweden

PROFESSIONAL EXPERIENCE

Ericsson — IT Product Architect

Stockholm | Jan. 2026 – Present

- Align enterprise IT strategy with product execution for **Azure** platforms, contributing to roadmaps, prioritization, and architectural governance.
- Review solutions and change requests for scalability and platform integrity; connect enterprise IT, product owners, and engineering teams in roadmap and funding discussions.
- Serve as co-spokesperson for an enterprise observability initiative, supporting communication and adoption across business and delivery teams.
- Build automation with **RPA** and **Microsoft Power Platform** to improve internal efficiency.

Ericsson — ICT Consultant

Stockholm | Jun. 2025 – Dec. 2025

Ericsson — IT Trainee

Stockholm | Aug. 2024 – Jun. 2025

- Contributed as a data scientist to two **generative AI** proofs of concept for Supply and CSR support systems.
- Worked on Azure automation pipelines and **FinOps** analysis during a cloud engineering rotation.
- Supported business operations change management, including standards and communications for the Internal Steering Group.

Pharus Tech AB — Board Member

Stockholm | Jul. 2020 – Apr. 2025

- Elected to the company board in 2020 and recognized at the time as Sweden's youngest company board member.

Pharus Tech AB — IT Architecture Consultant

Stockholm | Jul. – Aug. 2020

- Analyzed the **ESCO** dataset of 3,008 occupations and 13,890 skills to develop user interface design guidelines; led a team building algorithms to match skills with job profiles, contributing to UX design and product testing.

KTH Royal Institute of Technology — Teaching Assistant

Stockholm | Sep. 2023 – Feb. 2024

- Led labs and exercise sessions in **Python** and **SQL**, supported students with coding assignments, and assessed and graded submissions in Python Programming and Database Technology.

My Academy — Study Coach

Stockholm | Apr. 2022 – Sep. 2023

- Tutored high school students in mathematics, adapting study approaches to individual learning needs and helping students build confidence.
